EDITORIAL POLICY
Latin American Journal of Physics Education (LAJPE) is a peer-reviewed, electronic international journal for the publication of papers of instructional and cultural aspects of physics. Articles are chosen to support those involved with physics courses from introductory up to postgraduate levels.

Papers may be comprehensive reviews or reports of original investigations that make a definitive contribution to existing knowledge. The content must not have been published or accepted for publication elsewhere, and papers must not be under consideration by another journal.

This journal is published quarterly (March, June, September and December), by the Latin American Physics Education Network (LAPEN) and the Institute of Science Education. Manuscripts should be submitted to cmoreal@ipn.mx or lajpe@lapen.org.mx. Further information is provided in the “Instructions to Authors” on www.lajpe.org.

Direct inquiries on editorial policy and the review process to: César Mora, Editor in Chief, CICATA-IPN Av. Legaria 694, Col. Irrigación, Del. Miguel Hidalgo, CP 11500 México D. F.
